DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/15/2004 has been entered.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: Upon further consideration with applicant's arguments, examiner agrees with the applicant's counsel. Dallmeyer et al. teach an assembly process as disclosed in cols. 7 and 8, steps 1-35, which processes are exactly the same processes with a top-down or a bottom-up processes as specified in the specification on Page 10-12, steps 1-35. However, the prior art of record of Dallmeyer et al. fails to disclose the claimed invention such as a process for washing the fuel group. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-25 are allowed.
